Canada a Power Not Puppet, Dief

CHATHAM, Ont. (CP)—Prime Minister Diefenbaker says Canada can never be shaped to match the dreams of Macdonald, Laurier and Borden "if we place this country in a position where it is a puppet."

"Canada a power, not a puppet—that's our attitude," he told a crowd of 1,500 packed into a technical school hall Wednesday night in this southwestern Ontario city.

He predicted a Progressive Conservative victory in the April 8 federal election and said he sees "a new unity and a resurgence of Canadian patriotism."

Mr. Diefenbaker stressed his administration's record in economic development, defence and agriculture as he travelled from Windsor, Leamington and Chatham. He speaks tonight in Guelph. Reviving a previous charge, he blamed the Liberal exchange crisis with predictions of "wreck and ruin" following

devaluation of the Canadian dollar's external value in mid-May last year.

'INVESTORS WITHDRAW'
The direct result of the Liberal "boom and gloom" was that outside investors began to withdraw from Canada, the prime minister said.

However, he said dollar devaluation has paid big dividends in Canadian trade and the entire economy and "at this very hour" the Canadian exchange fund is at an all-time high of \$2,600,000,000.

He also made these statements:

In Chatham, he announced that the government this year will establish a support price of \$13.75 a ton on sugar beets—the same level as last year.

In Leamington he promised a "new deal" for Eastern farmers through a feed-grain assistance program that would "stabilize and equalize" prices and ensure continuing supplies, while protecting the Eastern feed-grain producer.

De Gaulle And Coal Miners Square Off On Strike Issue

PARIS (AP)—The de Gaulle government and France's 200,000 striking coal miners squared off today for what could become a prolonged test of strength.

A government spokesman threatened stern measures if the miners did not obey President de Gaulle's back-to-work draft order. In an effort to rally public opinion against the miners, a cabinet spokesman said the government might ration coal and gas if the strike continues.

Strike leaders said the miners will not return to the pits until the government at least opens negotiations on their demands. The government said it will not discuss the wage and hour issues until work resumes.

The miners seek an 11-per-cent boost in wages and a 40-hour week. The government is offering a 5.7-per-cent increase.

A cabinet spokesman said new and sterner steps will be disclosed "in two or three days" when Premier Georges Pompidou addresses the nation by radio and television.

Rescuers Spot Survivors Of Atlantic Shipwreck

HALIFAX (CP)—RCAR Search and Rescue said today an aircraft has spotted the captain and a crew member of the lobster vessel *Ralphie Six* stranded on an island 20 miles southwest of here with the wreckage of the 38-foot craft nearby.

The RCAF Albatross spotted the men on a search mission over Mud Island, 16 miles out from Wood's Harbor, N.S.

Capt. Ralphie Devine and Wardlaw Nickerson had been missing from their Wood's Harbor home port since noon Wednesday and aircraft were sent out this morning to search for them.

An RCAF spokesman said the men apparently were in good condition and an attempt would be made to locate a dragger in the area to pick them up.

The vessel developed trouble at the height of the storm packing winds up to 97 miles an hour that jumbled most Maritime communications operations.

Airports in Moncton, Charlottetown, Summerside, Sydney and Halifax closed during the storm that lashed the region with almost every type of precipitation.

The weather office here was hit by a two-hour power failure that knocked out teletype circuits and delayed weather forecasts.

Trains were about the only things running on schedule. Most roads were made treacherous by drifting snow, pelting sleet and heavy rain.

The storm moved into the area early Wednesday night and within seven hours Saint John recorded 10 inches of snow. Moncton had six.

Yemen Town Taken
LONDON (Reuters)—A Cairo radio today said a joint force of Egyptian and Yemeni Republic troops has entered the royalist-held town of Harib in Yemen without meeting resistance.

Cable Breaks Killing Four
HAIRDIN, Mont. (AP)—Four workmen riding in a cable car across the deep Yellowstone Dam construction gorge were killed Wednesday when a cable broke and hurled them halfway down the canyon wall.

MR. K'S REALTIVES MEET THE POPE

Nikita Krushchev's son-in-law and daughter had a 20-minute private audience with Pope John today. It was the first meeting between a Roman Catholic pontiff and a leading figure from Communism.

Alexei Adzhubei, who describes himself as a "confirmed atheist," and his wife, Rada, seen here in St. Peter's Square, were to have seen the Pope at a group audience. But unexpectedly the Pope received them privately afterward. It was not known what the Pope and the Adzhubeis said to each other.

Key Graft Case Witness Gives Evidence Tuesday

VICTORIA (CP)—Dick Holzworth, a Helena, Mont. contractor, will appear as a key witness Tuesday when a legislative committee investigates charges of graft revolving around the highway department.

Mr. Holzworth's affidavit, tabled in the legislature by NDP member Gordon Dowding of Burnaby, touched off the public accounts committee inquiry.

Mr. Dowding's documents alleged that \$135,000 too much was paid on a Trans-Canada Highway contract near Revelstoke, 100 miles east of Kamloops.

He will be represented by lawyer Lloyd McKenzie who in the last year has appeared in the court-martial of the captain of a Canadian destroyer which accidentally shelled a Washington State village during anti-aircraft practice, and on behalf of the B.C. Hydro and Power Commission in the B.C. Power Corporation's case to upset the government's takeover in 1961 of B.C. Electric.

The New Democratic party tabled more documents Wednesday, but the government majority on the committee refused permission to have them read into the record, maintaining that no documents would be admitted when those swearing in them were available to attend in person.

Mr. Holzworth, president of Union Contractors, said his company took over the highway contract from L and M logging in 1958. He said estimates of the contract were altered to permit over-payment.

He also said that the organization in highways minister Gagnier's church received \$350 a month from L and M and Union. Mr. Gagnier is a minister of the Pentecostal Assemblies of Canada at Kamloops.

British Troops Alerted In Kenya
LONDON (Reuters)—British troops in Kenya have been placed on a 12-hour stand-by at the request of Governor Malcolm MacDonald, the British office announced today.

British officials declined to comment on the move.

The stand-by was ordered in the midst of an angry dispute between Kenya and Somalia over the northern frontier district.

Deaths Told At 12
FLOODING MENACE HITS U.S.
CHICAGO (AP)—The threat of further major flooding appeared lessening in the hard-hit Ohio River basin region today but heavy rains in several eastern and southern states increased the danger of overflows.

In Norwich, Conn., a dam, apparently weakened by heavy rains, Wednesday night poured water into the city of about 40,000 and setting off an explosion of a boiler in a cord manufacturing factory. Police said five persons died.

Flood waters in five states have been blamed for 12 deaths, including four in Ohio, three in West Virginia, two each in Indiana and South Carolina and one in Tennessee.

As rivers and streams in the major flood belt of West Virginia, Ohio, Indiana and Pennsylvania continued to recede, some families returned to their homes. But thousands still remained homeless.

High waters also have hit areas in Maryland, the Carolinas and Tennessee and minor flooding was reported in sections of Maine, Kentucky and southern Illinois.

CLOSE SCHOOLS, PLANTS
Properly damaged in the flood zones was estimated in the millions of dollars. The floods have forced the closing of schools and factories in many areas. Hundreds of roads were impassable and bus and train service was delayed or halted.

BC and Ottawa Arrive at Accord On Disaster Plan

Prime Use In Nuclear War But Has Other Functions Too

OTTAWA (CP)—The federal and British Columbia governments have reached agreement on provision of federal medical supplies and equipment to advanced treatment centres for use in case of a disaster.

Announcing the agreement today, the federal health department said it sets up a pilot project for further development of Canada's emergency health plan. The plan is designed primarily for use in the event of a nuclear attack, but can also be employed to cope with other types of disaster.

Under the agreement, the federal health department will provide \$4,000 emergency units of supplies and equipment to advanced treatment centres.

The units will be established at the request of the province as trained teams become available to operate them. They are designed to work near the scene of a disaster, rendering lifesaving treatment and preparing the injured for removal to hospital.

The agreement signed today marks the beginning of the second phase of a federal-provincial emergency health plan. In the initial phase, disaster supplies were transferred from the federal stockpile to hospitals developing a satisfactory disaster plan.

Agreements on this phase have been concluded with all the provinces except Newfoundland.

Tories Plan Mass Attack On Sacred Seats In Quebec
QUEBEC (CP)—Progressive Conservative spokesmen say the party is going to make a determined bid for a comeback in Quebec in the April 8 federal election, aiming its main fire at Social Credit.

The Liberals are a secondary enemy, say Senator Jacques Flynn, chief PC organizer in Quebec province, and Egan Chambers, president of the party's national organization.

Mr. Chambers said he Conservatives are "certainly" going to contest all 75 Quebec seats. He scoffed at reports that the party would pass up some ridings, particularly in areas where the Social Credit is alleged to be strong.

The Conservatives have nominated 31 candidates to date in Quebec, while Social Credit has chosen 75, the Liberals 45 and the New Democratic Party 21.

However, in the 26 ridings held by Social Credit in the last House, the Conservatives have picked only five candidates so far.

Pearson's Opening In West Sees Pledge On Farm Sales
SASKATOON (CP)—Liberal of Canada, that government leader Pearson opened his Western Canada election campaign Wednesday night with a renewed pledge to seek new markets for Prairie grain and other Canadian products abroad.

He also said it is a firm commitment of the Liberal party to introduce a national health plan in its first term if elected April 8 to form a government.

Mr. Pearson spoke to about 1,700 in the Saskatoon arena in support of Mayor Sid Buckwold, the local Liberal candidate, and earlier at a press conference.

Today he visits Brandon, Carleton Place and Portage la Prairie.

Mr. Pearson made a direct pitch in the arena for Prairie voters to join what he sees as an upsurge of Liberal party support in Eastern Canada.

To have the best government possible.

Quebec Snowbound
MONTREAL (CP)—Roads in many rural areas of southern Quebec were still blocked by more than a foot of snow today after a fierce storm Wednesday night.

U.S. "Seeks No Veto In Nuclear Force"
BONN (Reuters)—Karl von Hassel, West German defence minister, said today United States officials have assured him the U.S. wants no special veto power over the proposed NATO multilateral nuclear force.

Three U.S. Subs Can Use UK Base, Says Mac
LONDON (Reuters)—Prime Minister Macmillan said today that at present three United States Polaris submarines could use the Holy Loch anchorage in Scotland at any one time.

CUBA DISCONTENT

State Secretary Dean Rusk said today there is growing discontent in Cuba and "several hundred thousands" Cubans have indicated they want to flee the country. "The economic situation is grim," Rusk said. "There is evidence of great and growing discontent on that island. The fact that a couple of hundreds of thousands of Cubans have given up all their material possessions and left Cuba to seek freedom abroad since the beginning of this present regime would indicate that Cuba is not a satisfactory place in which to live now..."

NAMES IN NEWS

BC Employee Dies In Fall

Howard Allan Sharp, 28, an employee of the British Columbia department of mines and petroleum resources, was killed in an oil field accident 53 miles north of Fort St. John Wednesday.

Hugh Carleton Greene, director-general of the BBC, today defended the showing of the BBC's filmed television interview with George Bidault on Monday. He said the interview was not broadcast out of hostility to the legitimate French government nor as an act of encouragement to conspirators against it.

Queen Elizabeth said Wednesday the Commonwealth can be a major force if properly used, but, if neglected, will "rust into scraps." The Queen, accompanied by Prince Philip, made the remarks at a bushman's carnival near Brisbane, Australia.

Agriculture Minister Alvin Hamilton attacked the United States state department Wednesday night in Montreal for what he described as meddling in Canadian affairs. "Don't push us around China," he said at one point during a press conference.

Lucas Scott, a Negro employed by the South African information department, was stoned to death near Groblersdal, South Africa Wednesday by a Negro crowd.

Curling Champs Maintain Lead
BRANDON (CP)—It was no easy task for either, but Ernie Richardson of Regina and Jim Shields of Calgary managed to maintain their lead in the Canadian curling championships today after seven rounds.

Richardson scored an 8-4 victory over Copper Cliff's Doug Gathercole of Northern Ontario and Shields won by the same score over Bill Kent of Montreal.

In the other games of the morning draw, Winnipeg's Herb Leiner took Bob Mann of Hanover, Ont., to an extra end before bowing in his sixth straight defeat 8-4 while Dox Mix of Moncton scored a four in the final end to defeat the Grand Falls, Nfld., quartet of John Pike 9-7. British Columbia's Duncan rink skipped by Glen Hayper won a third successive victory, 11-4 over Doug Cameron of Charlottetown.

STOP-PRESS BULLETINS

Killer's Car Found In Paris

PARIS (Reuters)—Police today recovered a stolen car used by the gunman who shot to death leading Paris banker Henri Lafont, 68, in a Paris suburb Wednesday.

French Envoy Shocked At Bidault Show

OTTAWA (CP)—The French ambassador to Canada today was "profoundly shocked" by the appearance on the CBC television network Tuesday night of an excerpt from the BBC's controversial interview with former French premier George Bidault.

U.S. "Seeks No Veto In Nuclear Force"

BONN (Reuters)—Karl von Hassel, West German defence minister, said today United States officials have assured him the U.S. wants no special veto power over the proposed NATO multilateral nuclear force.

Three U.S. Subs Can Use UK Base, Says Mac

LONDON (Reuters)—Prime Minister Macmillan said today that at present three United States Polaris submarines could use the Holy Loch anchorage in Scotland at any one time.

ENGLAND'S BEST BEAUTY FOR MISS WORLD CONTEST

Best beauty in England is adjudged to be Miss Susan Pratt, 19, who has been chosen to represent her country in the Miss World contest in London and later on in Florida for the Miss Universe contest. Seen here after being crowned at Newcastle, Miss England, is flanked by runners up, Miss Lisa Butler left, and Miss Gill Aubrey.

Canada-U.S. Relations Back in Electioneering

By THE CANADIAN PRESS

Canadian-American relations popped back into the forefront of election campaigning Wednesday, with Liberal Leader Pearson accusing Prime Minister Diefenbaker of bartering relations with the United States and Mr. Diefenbaker denying any wrongdoing.

The dispute involved Mr. Diefenbaker's statement last Saturday that the U.S. has 1,300 Voodoo and similar aircraft, half of them armed with nuclear warheads.

A U.S. Air Force spokesman said this information is classified.

At a Saskatoon press conference, Mr. Pearson said Mr. Diefenbaker has not improved relations with the U.S. by giving out classified information.

At a Windsor, Ont., press conference, Mr. Diefenbaker denied revealing classified matter.

Meanwhile, Social Credit Leader Thompson in Ottawa and Deputy Leader Real Caouette in Montreal commented on each other's statements on nuclear policy.

'VIEWS UNITED'

Mr. Thompson said in an interview he and Mr. Caouette are united in the view that each MP has a duty to state his

views on an issue and fight for them in any parliamentary committee. The will of the majority must be accepted when a non-political parliamentary committee decides whether Canada needs nuclear warheads.

Mr. Caouette, accusing "certain newspapers" of trying to make him and Mr. Thompson appear divided, said earlier statements by Mr. Thompson were "falsified" by the press.

He referred to Mr. Thompson's Montreal, N.B., statements that he assumed Mr. Caouette would accept the decision of a non-political committee on the need for nuclear arms.

Mr. Caouette reiterated that on nuclear arms for Canada "I am and I will continue to be against them."

Meanwhile, New Democratic Leader Douglas told a meeting in Kindersley, Sask., that the NDP advocates free trade between Canada and Britain. He urged gradual reduction of tariffs until eventual elimination.

Mr. Douglas, speaking to a capacity crowd of 375 in a theatre, also said action must be taken to raise farm income, suggesting a producer-controlled marketing board.

Agriculture Minister Hamilton touched on the Canadian-American relations theme at a Mont-

real press conference, saying in reference to the U.S. "don't push us around, chum."

The U.S. state department, he said, issued a recent press release on Canada's nuclear arms stand "because they don't know where a sovereign country here. They think we're a Guatemala or something."

Mr. Caouette, speaking to a group of placard-carrying students at a school outside the hall where Mr. Caouette addressed a rally for the April 8 federal election.

One placard asked: "Where were you, Real Caouette, during the Second World War?" Another read: "Real said Canada is not worth fighting for."

The Canadian Press reported that Mr. Caouette made the statement "Canada is not worth fighting for" Wednesday night.

"I am not ashamed of what I did in 1945 and I am not

BEER KEG BLAST KILLS TWO

CHICAGO (AP)—A beer keg being tapped exploded Wednesday in a tavern, killing the bartender and the co-owner.

Three customers escaped injury.

John Ghidotti, 61, the bartender, was dead on arrival at hospital and Peter Baldassari, 72, the co-owner, died a few hours later in hospital.

Police said the explosion hurled a piece of metal into Ghidotti's head and Baldassari suffered a shattered left arm and internal injuries. They said the explosion happened when the men inserted a tube into the keg so the beer could be drawn out under pressure.

UK Not To Seek Entry In ECM Unless Invited

WASHINGTON (CP)—Fredrick Erroll, Britain's Board of Trade president, said today any fresh move to provide the British association with the European Common Market must first come from the six market members "as a whole."

Britain, he added, will not turn its back on Europe, but his government does not plan to initiate any new proposals for Common Market membership or association.

This would have to come from the European members, including France, and the proposals would have to be capable of quick solution.

Meanwhile Britain would step up its trade drive on a global basis, including trade with the Communists. Britain did not believe in barring trade with the Reds, except in strategic military goods.

MAY ACCEPT OIL

One proposal being considered is to accept a limited amount of Russian oil in exchange for a large Russian order of British ships.

Erroll said British shipyards need more orders and haven't received any from Russia for more than six years. But Britain would not open an import quota for Soviet oil unless Moscow buys the ships.

Britain also would welcome an increased flow of United States investment to Britain. Erroll told a press conference following two days of talks with U.S. cabinet members. Such investment would benefit Britain, he said, by providing more modern factories and modern management.

Noting that the free world's ministerial meeting on trade opens in Geneva next May, Erroll said Britain intended to play its full part in expanding world trade and engaging in reduction of tariffs under the U.S. Trade Expansion Act. This authorizes President Kennedy to reduce U.S. tariffs by 50 per cent over a five-year period.

Before the Geneva meeting opens, Commonwealth trade ministers will meet in London.

Refusal Of Call-Up In War Doesn't Shame Caouette

LACHUTE, Que. (CP)—Real Caouette, deputy national leader of the Social Credit party, said Wednesday night he is not ashamed of refusing his military call-up in 1945.

He was commenting on placards waved by English-speaking students from Lachute High School outside the hall where Mr. Caouette addressed a rally for the April 8 federal election.

One placard asked: "Where were you, Real Caouette, during the Second World War?" Another read: "Real said Canada is not worth fighting for."

The Canadian Press reported that Mr. Caouette made the statement "Canada is not worth fighting for" Wednesday night.

"I am not ashamed of what I did in 1945 and I am not

Red Leaders In Short Supply

LONDON, Ont. (CP)—The Communist parties of the world, faced with a shortage of young leaders, are trying to rekindle the interest of students, Douglas Hyde, former editor of the Daily Worker of London, England, said Wednesday night.

Mr. Hyde, who left the party and its newspaper after being converted to Roman Catholicism, told an audience at the University of Western Ontario. About 85 per cent of the university students who are drawn to communism give it up when they leave school. The remaining 15 per cent supplies the leaders of tomorrow.

He warned his audience not to think of Communists as persons from the slums. The core of Communist leadership was composed of the educated middle class and intellectuals.

May 13-14 to "keep in touch" on the highly involved and complex issues that will come up at Geneva.

During his two-day meeting here, Erroll said he found sympathy on the part of Kennedy associates towards Britain's position following the breakdown of Common Market membership negotiations. There also was a lot of interest in the British attitude on government incentives and subsidies to promote exports.

Erroll said he told the U.S. it would be dangerous for either Britain or the U.S. to depart from existing international obligations. A race between the two countries to win export markets by increased subsidies might result in both countries losing out.

Share Of UN Bill Only Third Says U.S.

UNITED NATIONS (AP)—The United States served notice today that it would not accept a bill this year for more than 32.02 per cent of the total cost of the United Nations forces in the Congo and the Middle East.

U.S. delegate Francis T. P. Plimpton stated the position at a private meeting of a 21-nation committee that has received five proposals that would make the United States pay more than that.

Members of the committee quoted Plimpton as saying the United States, for the last six months of 1962, would not accept an assessment for the two forces amounting to more than 32.02 per cent. That is the percentage the United States pays of the regular UN budget.

TO FACE TRIAL

VANCOUVER (CP)—Sawmill worker Avtar Singh, 22, will be committed for high court trial Friday on a charge of criminal negligence in the death of UBC janitor Alex Hall, 31, last Dec. 8. Hall died in a two-car collision.

Canada exports wheat... Canada imports Lemon Hart Rums

Canadian wheat is accepted as a standard all over the world because no one can match the combination of soil, climate, and experience that produces it. Rum, on the other hand, is not native to Canada. The best rums, like Lemon Hart, are distilled in the benign climate of the Caribbean... then transported to England where they mature quietly in underground caverns where neither the temperature nor the humidity varies more than a degree or two summer or winter, year in year out.

Obviously a good rum must be imported. And when Lemon Hart Rums reach Canada they are mature, well travelled rums, as distinguished in their way as Canadian wheat - and as well respected throughout the world.

LEMON HART RUM
Have a good rum for your money!

DEMERARA Light in flavour... dark in colour

CA Storage Cleaned Out At Rutland

A total of 10 packers and sorters have been called back to work at the Rutland branch of the Kelowna Growers Exchange to pack out the 14,879 boxes of McIntosh Red apples in controlled atmosphere storage at the plant.

Jack Gereta, manager of KGE in Kelowna, said today the workers, 24 male and 40 females, would be at work until the end of next week.

The Department of Agriculture report issued for March 1 said these apples were the only ones in controlled atmosphere storage in British Columbia.

Mr. Gereta said as soon as they were packed they would be shipped out, at the direction of B. C. Tree Fruits.

The Okanagan Valley now has a total of 964,163 boxes of apples in storage with the British Columbia total being 1,014,634.

The government reports show there are 171,120 hundred-weight of potatoes in storage, 21,635 bushels of onions, 6,753 bushels of carrots, 4,360 bushels of cabbage and 2,873 crates of celery.

Of these totals, 64,923 hundred-weight of potatoes are in the Okanagan Valley, along with 10,172 bushels of onions, 121 bushels of carrots, 153 bushels of cabbage and 31 crates of celery.

There are also 1,022 boxes of pears in storage in the Okanagan compared to the total of 3,888 in storage in British Columbia.

Farm Credit Corporation Provincial Training Meet Here

George Owen of Ottawa, chairman of the Farm Credit Corporation, attended a provincial staff training conference in Kelowna, March 4 to 6.

The conference, one of many across Canada, is designed to keep the provincial representatives informed of changes in legislation affecting the Farm Credit Corporation and changes in the agricultural economy as a whole.

Attending the conference were: E. K. Lane, Dawson Creek; H. S. Barber, Kamloops; R. C. Hutton, Vernon; W. G. Lane, Summerland; R. L. Brundage, Chilliwack; H. Harris, Abbotsford; M. A. Crookshank, West Vancouver; and branch manager for B.C., Richard Barrett of Kelowna.

Guest lecturers at the conference were E. D. Woodward, officer in charge of the economic division, Federal Department of Agriculture, who reviewed the results of various economic surveys with regard to agricultural enterprises within the province; and Bill Wood, poultry inspector, reviewed the poultry industry as a whole in B.C.

Machinist, Radio Pioneer Robert Johnstone Dies Here

Robert Charles Johnstone, 84, an oldtimer of Kelowna, died in the Kelowna General Hospital on Monday, March 4.

Born in London, England, Mr. Johnstone came to Canada and Kelowna in 1909 to work for the A. J. Jones Boat Works and as a machinist.

He worked with Mr. Jones until 1956 when they both sold out their interests and retired. During these years he lived near his work on the Kelowna Yacht Club property.

Mr. Johnstone's hobby was radio. In the days of 10-AY, he was the first radio station in the Okanagan. Mr. Johnstone was a well-known engineer-technician. Associated with Mr. Johnstone was J. W. B. Browne, who started radio CKOV in 1931 and George Dunn, retired city clerk, whose amateur radio station equipment was used.

He was the grandson of the Earl and Countess of Andover, in Scotland, and part of a large family who have all died except for one sister, Miss Gertrude Johnstone in London, England. Mr. Johnstone was a talented musician and for several years was the organist at the Crystal Palace in London. In Kelowna he was the organist at St. Michael and All Angels Church during the early days.

Funeral service for Mr. Johnstone was held from Day's Chapel of Remembrance on Thursday morning, Ven. D. S. Catchpole conducted the service. Burial was in the Kelowna cemetery.

Palbearers were: William Treadgold, Jack Coops, Victor Fowler, Ralph Mathie, George Flintoff and Jack Bews.

Saturday Confab Said "Significant"

"British Columbia's Crisis in Higher Education" is the name given to the forthcoming one-day conference on Higher Education to be held in Kelowna Saturday, March 9th.

This may well be one of Western Canada's most important and significant education conferences in 1963, said Gordon H. Newhouse, conference publicity chairman today.

It is anticipated the conference, in the Kelowna High School and which is open to the public free of charge, will provide an ideal forum of discussion on the recommendations of the recently released Macdonald report.

Dr. John B. Macdonald, president of the University of British Columbia and author of the report, will give the morning keynote address at 10 a.m. A panel made up of four of the key co-authors of the report, Professors J. D. Chapman, R. J. Baker, S. A. Jennings and R. R. Jeffels, will then discuss its various aspects.

"Every effort is being made to acquaint the residents of the Okanagan-Mainline with the content and recommendations of the Macdonald report and to foster co-operation between the communities in endorsing and implementing, without delay, the recommendations of the report," said Mr. Newhouse.

Following a working question period luncheon, a symposium entitled "A Design for Action" will lead off the afternoon session under the moderation of Carleton Whitehead, of Reed College, Portland, Oregon.

Participants including Dr. R. K. Berg, president of Everett Junior College, Everett, Washington; Paul Plant, vice-president of the UBC Alumni Association, Vancouver; and Dr. E. M. Stevenson, president, Okanagan Mainline University Association, Vernon, will discuss the practical aspects of establishing the recommended Okanagan Valley junior college.

Conference delegates and the general public will conclude the day's activities with a banquet at the Kelowna Aquatic Club at which Professor Geoffrey O. B. Davies, assistant to the president and secretary of the Board of Governors of UBC, will be the guest speaker.

More than 500 residents of the Okanagan - Mainline area are expected to attend the conference. Tickets for the conference's luncheon and banquet, which the public are cordially invited to attend, may be purchased at time of registration.

Sewage Plant Contract Let

Chapman and Long Construction Co., North Vancouver, Thursday noon were awarded the contract for additions to the city sewer treatment plant on Gordon Road.

At a special meeting of city council, aldermen accepted the recommendation of city engineer Ted Lawrence, that city crews could install a 30 inch sewage effluent line at a considerable saving.

The Chapman and Long bid of \$78,683 was therefore reduced to \$58,745.

Weather Pattern Should Continue

The present pattern of fine weather prevailing throughout the interior and most of B.C. appears likely to continue for the next few days.

Vancouver weatherman says there may be fog patches and low cloud at some coastal points, and some variable cloud in the interior. But generally the weather appears fine and in Kelowna a high of 55 degrees may be experienced for the first time this year.

This will be a jump of more than 30 degrees from the early morning temperature of 22 which brought a thick ground frost today. Highest temperature Wednesday was 45.

Lowest temperature in the next 24 hours is also forecast at 22.

Temperatures last year on the same date were low 23 and high 41.

Bylaw Infractions Cost Two \$75 Here

Two persons appeared in Kelowna police court Thursday charged with infractions of city bylaws.

John Bampl, 1314 Dilworth Cres., Kelowna, pleaded guilty to a charge of exceeding the speed limit within the city limits and was fined \$50 and costs.

Warren Arthur Dunaway, 460 Francis Ave., Kelowna, who was charged under the City of Kelowna anti-noise bylaw, pleaded guilty and was fined \$25 and costs.

He was charged after squealing the tires of his vehicle on the Shops Capri parking lot. "In the future the anti-noise bylaw will be enforced more rigidly in this area," said RCMP.

Five tenders for the work were opened on Wednesday Feb. 27 in city hall.

"This company has done previous work on this sewage treatment plant to our complete satisfaction," said Mr. Lawrence.

The Mayor and city clerk were authorized at the meeting to prepare the necessary contract.

The following bids were originally received: Chapman and Long Construction Co., North Vancouver, \$78,683; Smith Bros. and Wilson Ltd., Vancouver, \$80,797; Interior Construction Co. Ltd., Penticton, \$82,506; Gilmore Construction and Engineering Co. Ltd., Burnaby, \$84,537; D. J. Manning Construction Ltd., Vancouver, \$93,761.

Rogers Pass Traffic Increased

The B.C. Department of Highways in Revelstoke report an increase in traffic over the Rogers Pass, Glacier National Park, for the week ending March 2, 1963. Total vehicle traffic over the pass consisted of 2,837 vehicles and 6,624 passengers. This is an increase of 226 vehicles and 788 passengers over the previous week.

Spring thaw conditions continue to loosen rock along the slopes of the highway and troublesome areas are well signed and marked by flares at night. The whole of the highway is patrolled and rubble is removed at regular intervals. Motorists should drive with caution.

Snowfall for the week amounted to 19.5 inches bringing the total precipitation for the season to date to 350 inches.

EDUCATION REPORT PRECIS AVAILABLE

In preparation for the all-day educational conference in Kelowna this Saturday, officials at UBC have prepared a ten-page precis of Dr. John Macdonald's report on higher education in British Columbia.

Through the courtesy of the UBC Alumni in Kelowna, copies of this precis are available for the asking at the front desk of the Daily Courier.

City Man Truckers' President

David A. Chapman, 1888 Abbott St., Kelowna, has become the first British Columbia resident to be elected president of the Canadian Trucking Association. He succeeds R. H. Ramsey of Winnipeg. Newly elected secretary-treasurer of the group is C. V. Stokes, Moose Jaw.

Mr. Chapman is attending the annual meeting of the group this week in Ottawa.

He has been vice-president of the CTA for the last two years and for three years prior to that he held the position of second vice-president and treasurer.

He has represented the B.C. Trucking Association as a member of the CTA for the five years.

For the past 13 years Mr. Chapman has represented the truckers of the interior as a director on the Automotive Transport Association of B.C.

He was president of the ATA of B.C. in 1958 and 1959 and held the presidency of the Kelowna and district transport association from 1950 to 1954.

Mr. Chapman joined his father's company in Kelowna in 1946 following service in the war and succeeded his father as president and general manager of the firm following the latter's death in 1950.

The Kelowna firm employs 47 people here and has a total staff of 150 in southern and central B.C.

Mr. Chapman, David's brother, is vice-president and fleet superintendent.

Open House At Rutland Said Help To Teachers, Parents

By ART ORAY

RUTLAND — It was open house at the Rutland elementary schools, where some five hundred pupils displayed their work to a record attendance of extremely interested people.

The two main schools on Rutland Road, and the four room West Rutland school had an attendance of 250 parents on Monday evening, and besides this there was the Black Mountain school, which held an afternoon open house.

Parents found the visiting time pass very quickly as they observed, talked and inquired, while seeing their children's handiwork.

Open house is becoming a tradition with Canadians, and this year has seemed to take an upward swing.

Children's notebooks, maps, drawings, paintings, models were displayed for anyone who wished to scrutinize them. The parents too, were a major part of open house, as they made the evening profitable for the teachers as well as for themselves.

Questions asked regarding study habits, homework, reference material all proved that parents realize education is the key to the child's future security.

Little Change Seen In Provincial Roads

The B.C. Highways Department at Kelowna today reports very little change in the condition of roads in the province since yesterday.

Princeton — road bare and good except for some frost heaves.

Rogers Pass — a lot of bare sections, slippery sections on upper levels, mended. All vehicles must use winter tires or carry chains.

Revelstoke — road bare and good.

Kamloops — road bare and good.

Fraser Canyon — construction area rough, road closure in effect from 8:30 a.m. to 4:30 p.m. Thursday and from 8:30 a.m. to 12:30 p.m. Friday. Single lane traffic over Bailey Creek and detour is still in effect.

Cariboo Highway — road good, some frost heaves and early morning frost.

The visitors found the basic subjects are being given a thorough dusting off these days, and in keeping with this revitalization, new material is being constantly introduced.

Test books, well designed in content and format, visual aids used to bridge the gap between the theoretical and the practical, gave an air of reality to learning.

Parents made the acquaintance of a tripartite planetarium, an orrery, and over-size primary books, colorful art displays, reading chart, which at least gave the mind a rest from pondering such things as curriculum, course content, homogenous grouping and the like!

The astute observer soon became aware that today's modern school is almost a scientific laboratory, in which every child, in every phase of mental ability is taken into consideration. This year's open house has been a reflection of today's aim — capacity learning for everyone.

Mock Trial Illustrates Court

WINFIELD — A mock trial concerning a theft case, held in a juvenile court, was observed by 275 adults and students at the open house of the George Elliott secondary school Tuesday.

During the trial Magistrate D. M. White presided, assisted by RCMP Const. M. Vandekinderen and probation officer Lloyd Pisapio.

The juvenile delinquent was played by Ken Witzke, whose mother and father were played by Mrs. D. Elliott of Oyama and V. W. Slater of Okanagan Centre. Character witnesses were played by Arthur Gable of Okanagan Centre and Gordon Shaw of Winfield.

The trial was similar to an actual court case and was most interesting and informative to those present.

The trial was followed by a panel discussion by Rev. L. F. Lythgoe, Mrs. Norman Delfart, Kelowna, S. Sgt. T. J. Kelly, RCMP, and Gary Shantz, a student. Moderator for the discussion followed by a question and answer period was Sid Land president of the PTA.

CANADIAN DENTAL OFFICIALS VISIT KELOWNA

Visitors to Kelowna following the spring session of the B.C. Interior Dental Association, held in Penticton were (left to right) Dr. M. J. T. Doban, Victoria, president of the B.C. Dental Association; Dr. M. Vincent Keenan, Sud-

bury, Ont., president of the Canadian Dental Association; Dr. Don W. Gullett, Toronto, secretary-treasurer of the Canadian Dental Association; and Dr. W. P. Munro, Vancouver, president of the B.C. College of Dental Surgeons.

They were executive guests at the meeting attended by dentists from the U.S. border to beyond Kamloops. In Kelowna they visited the new dental building on Harvey Avenue.

THURSDAY, MARCH 1, 1963 — PAGE 1

What Did All This Orgy Of 50-Mile Hikes Prove?

Our good friends south of the 49th parallel have their own peculiarities. Some of these are rather amusing. Despite their abhorrence of royalty they are the world's greatest royalty worshippers. They love a parade and they like nothing better than to dress up in some fancy costume and participate in a parade. Queer, mystic, dress-up lodges bloom all over the country. Americans, too, go for "off-beat" religions in a big way.

But above all, they are the world's easiest fallguys for fads, any sort of fad. The latest example is the present silliness that has developed from President Kennedy's suggestion that marine officers try a hiking test originally prescribed by President Theodore Roosevelt. Thank goodness, it has not spread to this country yet. Last year it was bed pushing but while that was confined to students, the present foolishness seems to have infiltrated into normally sensible circles.

The U.S. Marines took the test as the President suggested but that was far from that. Boy Scouts went out for 50-mile hikes as a lark. Generals went out for 50-mile hikes to show they were just as healthy as the privates. Politicians went out for 50-mile hikes to get their names in the papers.

The New York Herald-Tribune wrote that because of the fad, "physical fitness is threatening to change from a program into an orgy."

It was just the sort of fad Americans latch onto and magnify out of all sensible proportions.

The fad's most valuable, and per-

haps only, contribution was this: it publicized the most practical health exercise there is—walking. It's a sentiment expressed by many editorialists during the past few weeks.

The Spokane Chronicle said: "Walking is one of those activities which doesn't stir much controversy. It is widely recommended as one of the best of all exercises, and few people rise to argue the point. Perhaps by the time the talk about 50-mile hikes has subsided, a lot of soft-legged folk will have rediscovered the pleasure and benefit of advancing one foot and then the other."

The Walla Walla Bulletin commented: "The fact is that walking has become pretty much a lost art. We start weaning youngsters from the idea of walking when school buses pull up in front of their homes. For many who are not within bus limits the daily walk to and from school may be punctuated in the family auto. But this upsurge of 50-mile hikes has done something for hiking, in capsule form. It reminds us that muscles too little used can become soft and flabby. We are also reminded that a walk, even of one mile, has benefits not alone to the leg muscles but to the lungs and eyes. Don't be surprised to see on foot now many persons who have almost forgotten the benefits inherent in walking... thanks to the 50-mile trudgers."

Now, all you folks who have bought self-propelled golf carts and lawn mowers, see what you've been missing? Still, what did all this orgy of 50-mile hikes PROVE, anyway?

"I'LL CALL BACK FOR THESE SOMETIME AFTER APRIL EIGHTH"

Great Changes In Russia Noted Since Stalin's Death

By EDDY GILMORE

MOSCOW (AP)—Joseph Stalin died 10 years ago today—an event that brought a revolution in the lives of 220,000,000 people.

A decade after the demise of the old dictator, great changes have taken place in this vast

land, covering one-sixth of the earth's surface.

First and foremost, the unspeakable sufferings of people in every section of Soviet life—at the hands of the secret police—have been relieved. Stalin's successors, especially Premier Khrushchev, have choked

off the near-absolute power of the Communist police.

And there has been a remarkable upswing in the standard of living. By Western standards, many things are extremely costly, but 10 years ago they couldn't be bought.

Returning here, my wife and I went to an apartment we knew well, a two-room flat with a communal kitchen and bathroom. A decade ago it was occupied by four adults. Today one person occupies the apartment and as she went about preparing our dinner, she said to my wife:

"Will you please go in the kitchen, look in the refrigerator and get out the caviar?"

LIKE A DREAM

Refrigerator? . . . Caviar? . . . One person in a two-room apartment? Why, 10 years ago these things would have existed only in this woman's wildest dreams.

Housing is still desperately scarce, and the government admits it. House-building began on a big scale in 1956. What seems to be an overly ambitious goal is that everyone shall have a private room or apartment by 1965.

Ten years ago I'd seen toilet tissue in the Kremlin—but nowhere else. Today it's on sale from Leningrad to Rostov-on-Don at the equivalent of 25 cents a roll.

Here are some current Moscow prices:

Man's shirt—\$6.75 to \$12.

Man's suit—\$77 to \$141. A Communist party official proudly showed me his and said it cost the equivalent of \$44. But a long search of Moscow stores failed to reveal any at that price.

Good overcoats—\$255.

Stocks (narrow and cuffless, the current range among young men in many parts of the country)—\$27.50.

Socks—\$2.75.

SHOES START AT \$28

Men's shoes—from \$28 to \$16.

The waiter on my hotel floor disappeared for two hours one morning. I asked him where he'd been.

"I heard some new shoes, made in Czechoslovakia, were on sale at a store not far from here. I went and got in line."

"Did you get a pair?"

"No," he said, "My basic salary is 48 rubles (about \$53) a month. The shoes cost 15 rubles. But that wasn't the point. By the time I got to the counter only big sizes were left."

I asked how he could afford shoes on his salary.

"I get good tips. And my wife works and I don't pay much rent."

This is one of the secrets behind Soviet family budgets.

With 89 per cent of the apartments government owned, a two-room apartment will often rent for as little as \$7 a month.

Food prices are high.

Butter is \$1.80 a pound; steak \$2.20 a pound; chicken \$1.15; bread 15 cents for a good-sized loaf; potatoes 19 cents a pound.

Yet I saw long lines of buyers.

I saw one man buy 30 lemons at the equivalent of 35 cents each.

Since Stalin's death the work day has been reduced to seven hours from 12 and 10. Direct taxation has all but disappeared. In 12-14 numbers, Russians are allowed to travel abroad.

Khrushchev is studying the suggestion that night shift work for women be abolished.

In October 1961, the 22nd Congress of the Communist party

banished his body from his resting place beside Lenin in the long Red marble tomb in old Red Square.

TO YOUR GOOD HEALTH

Best Help For Fainter

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I recently witnessed many wrong things being done for a person who was stricken in church in the pew ahead of me.

At first I thought he had had a heart attack, but when the ushers tugged and tugged to get him to a standing position he went into a violent seizure, which suggested epilepsy.

What procedure should be followed when a person becomes seriously ill in a public place?—M.K.

An attack in a church, theatre, stadium or other public place can cause quite a problem—and quite a commotion. It shouldn't.

Some people get excited, some are morbidly curious, some just seem to "have to do something" regardless of what.

These collapses can be from simple fainting, insulin reaction, heart attack, stroke, blackout due to an irritable carotid sinus (which feeds blood to the brain).

The victim of fainting, heart attack or blackout will usually slump in his seat; with a stroke or a convulsive seizure some physical gyrations are likely to precede the collapse.

The rules to follow are quite simple. The first thought is usually of a heart attack, although often this is not the case. Nevertheless, the person should be laid out flat (on the pew, the floor, or whatever is available right there), head turned to one side, and attention paid to be sure the tongue is not obstructing breathing. Loosen the collar.

Give nothing by mouth, even water. It can get into the lungs of a groggy or unconscious person.

Get the curious folks back. In many cases the attack is light and the patient readily regains consciousness. But don't, even then, try to make him stand up. He's perfectly all right, even if lying on the floor, until he can be moved properly.

In stadiums and the like, first aid stations usually have a stretcher available. It would seem very sensible for every church or place of comparable size to have one, too. A stretcher is better for the victim and easier to store and to use than a wheelchair.

Get him onto the stretcher and transferred gently and quietly to an anteroom. Call a doctor—or arrange for transfer to a hospital.

In most cases there is little to be done, medically, at the time of collapse, and even a doctor can be hard put to guess, right off the bat, exactly what the trouble is. The pew, or seat, is no place to try to find out. Get the victim out to a quiet place.

Spirits of ammonia may help, but there should be no dramatic manoeuvres of any kind until the victim is off by himself.

Don't panic, don't rush, don't tug, pull or lift until a stretcher is there; then gently is the word.

Ushers in church, theatre or other public places always should be briefed—it needn't take long—in these simple rules.

Evaluating Education

What is education worth?

Does it have a dollar-and-cent value? Does it have prestige value?

The B.C. Education Week Committee has produced, from a variety of sources and without claim to originality, a set of figures which show that more education produces more earnings; that the person with most years of college earns more during his lifetime than the person with minimum education.

But is that a sound method of evaluating education? The Education Week Committee is quick to point out that there are many other values; that the figures must not lead to the conclusion that everyone should go to university; that artisan education is as vital as professional education.

In essence, education is designed to fit a person for living. Its prime goal is to develop the individual, to find his particular abilities and teach him how to use them, to equip him for the world in which he lives, and so far as possible, to help him find the paths that will lead to a useful and happy life.

On this basis, education cannot be measured in income; nor can the comparative values be struck between the university graduate's parchment and the apprentice's certificate. Unfortunately, the modern viewpoint over-emphasizes the value of the parchment. We would all benefit from a good, hard look at the certificate and a true appreciation of its value.

It has taken a long time for the public in general to develop this viewpoint. In fact, it might be argued that it is not yet fully developed, that too many parents still seek university for their children whether or not the children want or need that kind of education.

This is true, but it is also true that viewpoints are broadening, that the public is seeking more solid values.

Public interest in local colleges during the past two or three years is ample evidence of the changing view. Almost all of the briefs submitted to Dr. J. B. Macdonald, University of B.C. president, called for "community" colleges offering vocational and technical instruction as well as the academic. In other words, the many interested groups which took time to study the problem reached the conclusion that we must provide facilities for all personalities and talents, not merely for the lesser group going on to university.

There's another factor to consider. This is the need for re-training many persons whose employment is affected—in some cases wiped out—by automation. This too, is education, in the real sense of fitting a person for living.

Young men and women who left school too early are going back to classrooms in the hundreds because they realize how much they need more education. Other hundreds are attending night schools to find avenues to develop special talents, or to broaden themselves for fuller living, even to fit themselves physically for a better life.

So again, what is education worth? There are as many answers as there are individuals. Our prime concern must be to see that these individuals have the right to find their own answer; that we shall not by dollar measurement, nor by snob appeal, place one educational value above others; that we shall make education the most complete word in the language.

In Passing

It is reported that the sack dress will soon be in style again. If so, by then it is hoped style in hairdresses would have changed, as sack dresses and haystack hairdresses would be a rather gruesome combination.

VICTORIA MERRY-GO-ROUND

Bennett Waxes Loud and Clear

By James H. Nesbitt

Mr. Bennett's message to all Canadians is clear and loud and clear. It is a message of peace, of unity, of understanding, and of the need for a new government. He is a man of vision, a man of courage, a man of conviction. He is a man who has seen the need for a new government, and he has seen the need for a new message. He is a man who has seen the need for a new government, and he has seen the need for a new message.

New Democratic Party members are convinced most of the financial manipulations are in Highways Minister Gagliardi's office, though some of them insist Elmer Gundersen, the Premier's right hand man is handing out government favors to his friends.

If everything NDPers say is true we're in one heck of a mess in this fair province of British Columbia, notorious for unskillful politics.

The commitment to say that if the government doesn't appoint a Royal Commission of enquiry into Social Credit campaign funds it will mean only this: that the Social Credit government of W. A. C. Bennett of South Okanagan is sweeping the dirt under the rug, and won't let anyone lift up the rug to see what's there. NDPers are quite sure the floor, under the rug, is so put it vulgarly, in lousy shape.

As oppositionists hurl their charges, Social Crediters, led by their chief, Mr. Premier, cry out: "smear, nothing but smear, dirty smear." "What va getting at? What's your point?" and "shame, for shame."

It's all most fascinating, and

one wonders if there's anything behind it. There could be something, or there could be nothing. Politics being politics. The Premier insists his government's as pure as can be, as fresh and sparkling as the waters of the ocean—no special favors from his government for anyone, only fair play for all.

Mr. Bennett, like Harry Truman, has made several "give-'em-til-they-quit" speeches, though he would never use such a phrase. He's wonderful to behold when he gets going that way. He thrubs and thrubs, points his finger, pounds his desk, waves his fist, and then he pauses and smiles and is all geniality and says how sorry he feels for the poor misguided oppositionists, sitting there consumed by hatred and jealousy and envy.

There's nothing wrong with the oppositionist, says the Premier, except they suffer from the serious disease of sneering at his splendid government—and then off goes our Premier again. There's just no holding him down. When he makes that way Opposition Leader Robert Strachan says the Premier has gone quite crazy.

I must say he's most effective. I watched him one evening having the time of his life. He was gay, flattered, praised, belittled and jeered. He beat all around the bush answering opposition questions. Plain fact of the matter is that he didn't answer their questions at all. He made a series of short, but peppy political speeches, and when he sat down oppositionists were so bemused they didn't know whether the Premier had answered them or not.

Next day, when they had recovered from the Bennett onslaught, they asked how the Premier hadn't answered at all. I think I heard several of them say he had weasled — a nasty word, but then, in politics, any old epithet goes.

In between storms, MLAs are deadly serious as they go about their duties, voting millions for the public service, making new laws.

And then, boom, up she flares again—they're at each other's political throats once more. The fur flies and the galleries come to life.

All I can say, as I've so often said before, that this is democracy in action, and, despite its drawbacks, if you know any better, please let me know forthwith.

TODAY IN HISTORY

BY THE CANADIAN PRESS

March 7, 1963

Alexander Graham Bell was granted the first basic patent on the telephone 87 years ago today—in 1876—marked as a milestone in the history of communications. On the same date in 1926, the first successful radio-telephone conversation was conducted between New York and London, England.

1800 — Hull, Que., was founded by Philemon Wright.

1878 — The University of Western Ontario was opened at London, Ont.

The Industrial Index on the Toronto Stock Exchange dropped to 586.19 at the end of February after starting the month at 599.0 and following

a six-month high of 600.08 in January. Graph traces rise and fall of index figures and sales volume for the month. (CP Newsmag)

WESTBANK

Lovely Candlelight Setting For Double Ring Ceremony

Candlelight and baskets of deep red roses formed a lovely setting before the altar in St. George's Anglican Church for the 6:30 p.m. ceremony Saturday, March 2, which united in marriage Joan Elizabeth Ingram and Ronnie Paul Firkus, both of Calgary. Rev. Norman Tanner performed the double-ring rites for the second daughter of Mr. and Mrs. W. L. Ingram, of Westbank, and the son of Mr. and Mrs. A. P. Firkus, of Chilliwack.

Given in marriage by her father, the bride wore a traditional white for her floor-length gown of heavy corded tulle on which embroidered appliques and bows of self material were featured in both bodice and skirt. The softly rounded neckline was outlined with a deep border of applique starting with pearls and iridescent sequins, and this applique was repeated in the wide bow preventing the waistline at the back. The full skirt, worn over hoop and crinolines, was tucked to the fitted bodice to form points back and front, and the sleeves were long-point.

A charming pillbox beehive fashioned with an irregular border of applique sparkling with sequins and pearls, held her scalloped, chapel-length veil graduated in tiers of nylon net. Complementing her shower bouquet of crimson roses and white carnations were streamers of white satin ribbon touched with silver, and for "something old" she wore an amethyst brooch that belonged to her maternal grandmother, the late Mrs. Washington Brown. The groom's gift to his bride was a single strand of cultured pearls, and the bride's to her groom cufflinks and tie-bar. To her attendants the bride presented silver bracelets.

Preceding the bride up the aisle of the church were her mother of honor, Mrs. Pat Anderson, and bridesmaids Miss Josephine Shura and Miss Jean Ingram, all of Calgary. The trio wore identically-styled, after-noon-length dresses of chiffon over light blue taffeta. Deep, rounded necklines dipping to a wide "V" at the back, and sleeves in half-length, below which were worn long mittens of self material, were features of the bodices, while the bell skirts were fashioned with unpressed pleats, finished at center fronts with small self bows. Matching pillbox hats finished with folds of self material and tiny bells formed their headresses, and completing their ensembles were blue satin pumps and bouquets of pink carnations entwined with satin ribbon in the same shade. Drop-pearl necklets were their own jewelry.

Gordon Firkus, of Chilliwack, was his brother's groomsman, and ushering were Clint Morden and Gary Anderson, both of Calgary. Mrs. J. deC. Paynter played the wedding music.

Sunstrom-Toews Vows Exchanged In Penticton

A quiet wedding of interest to Peachland and Sumnerland solemnized in Penticton on Friday, March 1st was that of Linda Louise Sunstrom, youngest daughter of Mrs. S. Elstone of Peachland, and Isaac Toews, son of Mr. and Mrs. William Toews of Sumnerland. For her wedding the young bride chose a white suit, with all white accessories and a corsage of red Sweetheart roses to complement her costume.

Her only attendant was a sister, Mrs. E. Rosner, who wore a beige ensemble and a corsage of pink carnations. Following the ceremony a wedding supper for the family of ten, was held in the Rob Roy room at the Prince Charles Motor Inn.

After a short honeymoon the young couple will make their home in Golden.

Mr. John Toews acted as his brother's groomsman.

ST. MARGARET'S WA
At the March meeting of St. Margaret's W.A., held at the home of Mrs. L. D. Fuks, on Friday, plans were finalized for the tea to be served on March 20th, in Kelowna, when the Executive of the Dominion Board of the Women's Auxiliary is meeting.

Choice of a delegate to represent the branch at the Diocesan Annual meeting, in Vernon, on May 1st and 2nd, was tabled until the April meeting, which will be held at the home of the president, Mrs. George Smith.

MR. AND MRS. RONALD PAUL FIRKUS

Foraythia and daffodils, blue and white streamers and pink and white wedding bells decorated the Westbank Community Hall for the reception, where the principals received their guests. For her daughter's wedding, Mrs. Ingram chose a navy costume complemented with rhinestone clips, white accessories and a white carnation corsage. Mrs. Firkus was attired in a silk sheath printed in beige and olive green, with which she wore beige and olive green accessories and a corsage of pale yellow carnations.

Baskets of red roses were placed before the head table, centred by the three-tiered wedding cake made by the bride's mother and Mrs. Archie Currie. Sprinkled with a swirl of white tulle, the cake was topped with a miniature bride and groom beneath a tiny flowered arch, and flanking it were bowls of white carnations and tall white tapers. Special guests at the adjoining table were the groom's grandparents, Mr. and Mrs. Harry Rawluk, of Vancouver.

R. E. Springer was master of ceremonies and J. H. Blackey proposed the bridal toast. The groomsman toasted the bride and her family, and the bride responded with a message of felicitations from B.C. and Alberta points. Servitors were members of St. George's Anglican Guild.

Dancing followed the reception and before the bride and groom took their departure, the former tossed her bouquet, which was caught by her sister, Miss Jean Ingram and then presented by the bride to her groom's grand mother, Mrs. Rawluk. For travelling the bride donned a knitted suit in beige and olive green, the jacket of which was highlighted with two raised applique rose sprays in beige, white and green. A beige whimsy headress and a corsage of roses in copper shades completed her costume. Following the honeymoon south of the border Mr. and Mrs. Firkus will make their home in Calgary.

Besides the groom's parents, his brother Gordon and grandparents, out-of-town guests included Miss Sherri Miller and

the bride's cousins, Miss Moira Brown and Miss Janet Brown, both from the coast city.

Guests from Edmonton were the groom's brother-in-law and sister, Mr. and Mrs. W. Budzinski and their family, from Jarow, Alta., Mr. and Mrs. Albert Firkus, Mr. and Mrs. Keith Firkus, Mr. and Mrs. Clifford Firkus, Mr. and Mrs. Robert Dovenkamp and Francis Bovenkamp; Calgary guests included Mr. and Mrs. Ted Careless and Jack Sellenrich.

From Okanagan points there were Mr. and Mrs. A. H. Young and Mr. and Mrs. R. W. Young, Sicamous; Mr. and Mrs. H. Brown, West Sumnerland; Mr. and Mrs. W. Murrell, East Kelowna, and from Peachland, Mr. and Mrs. Des Careless, Mr. and Mrs. Archie Miller, Mr. and Mrs. Dennis Wiburg, Mr. and Mrs. William Bregada and Mr. and Mrs. Donald MacKay.

Kelowna Rebekah Lodge No. 36

The month of February was a busy and enjoyable one for the Rebekahs. The regular meetings were well attended and much business was dealt with.

A Valentine Tea and Home Bake Sale were held very successfully thanks to the many friends who helped to make the affair so pleasant, and on February 19th a joint card party of Oddfellows and Rebekahs was held at which delicious refreshments were served and which was also open to the public.

A pot luck supper held on February 27th was attended by a business meeting which concluded the month's activities.

The Rebekahs hope to see you all again in March which promises to be another busy month.

NANAIMO, B.C. (CP)—This city's first woman justice of the peace, Mrs. George Brown, has been sworn into office.

WOMEN'S EDITOR: FLORA EVANS

KELOWNA DAILY COURIER, THURS., MAR. 7, 1956 PAGE 5

AROUND TOWN

Mr. and Mrs. Ronald Irwin, Robert Hensault, and Mrs. Una Hughes drove to Vancouver last weekend to attend the closing performance of "A Taste of Honey" Saturday evening at the Frederick Wood Theatre at UBC.

In this drama which has been an outstanding success director Sidney Risk, who is well known to Kelowna audiences, seems to have found his forte. The opinion of the Kelowna group, who are all active and experienced workers with our Little Theatre, was that the production was practically flawless.

Jocelyn Thompson, the Kelowna girl who was discovered by Mr. Risk, has, they told me, already made a good place for herself among the professional actors, and as Jo, the unwanted and unloved girl in the drama, she has received rave notices from the coast critics.

A highlight on the popularity of "A Taste of Honey" with the Kelowna group was that Mrs. Risk who reserved their seats for closing night over three weeks ago did indeed have seats, but Mrs. Hughes, who only decided to attend a fortnight ago, found herself lucky to be seated

on a cushion on the floor.

Also seen at the closing performance were Miss Edna Wilson, Kelowna who was visiting her sister, former Kelownian, Mrs. Mary Sunda in Vancouver, and Jocelyn's mother and sister, Mrs. Holland Thompson and Karen.

Miss Thompson who is continuing her matinee performance of Pinocchio for Holiday Theatre is also presently rehearsing the part of Lady Macbeth in the sleep walking scene which she will perform for "Shakespeare in Orbit" and plans to tour Seattle with Holiday Theatre in April.

Friends of Mr. and Mrs. M. J. (Bill) Evans will be pleased to hear that Mr. Evans, who has spent the past five weeks in the Kelowna General Hospital recovering from a coronary heart attack, returned to his home on Lakeshore Road Wednesday.

The University Women's Club were hosts this morning at a coffee party held at the home of Mrs. R. B. Kinsie, Maple Street, in honor of the Public Relations Officer of the Vancouver Symphony Orchestra.

Dear Ann Landers: I'm a girl, 15, who would like to comment on that letter from another teenager who signed herself, "Living But Respectful." When her father died, her mother insisted that the whole family cut themselves off from all social life and entertainment.

Our dad died two years ago. Mom told us even before the funeral she wanted us to go ahead and do everything just as we did when dad was living. She urged us to carry out the same routines—to keep active and busy.

Our dad's memory is something we must always strive to live up to. I, for one, can't see myself doing anything that would disappoint him—LIVING, TOO.

Dear Ann Landers: Thank you for a beautiful and sensible letter. Your dad must have been a marvelous man. And you were doubly blessed because you have a wise and understanding mother.

Dear Ann Landers: I am 27 years of age — old enough to know better—but I didn't. I am expecting a baby in June by a man who is married. He gave me the old line about being separated from his wife and promised to get a divorce as soon as her health would permit. I don't want to bore you with the story, Ann. It's the same one you must hear twenty times a day.

I bought myself a wedding ring at the dime store and everyone at work thinks I am married to an army officer who had to go overseas.

I know, legally, this man must support my child but I don't want anything from him. All I want is to use his name when I check into the hospital. I'd hate to go in under "Miss", and I'd die if they stamped the "illegitimate" on the baby's birth certificate. Please help me. —DUNCE CAP.

Dear Friend: You may not use the man's name. It belongs to his wife. Make up another

name, or put a Mrs. in front of your own. Moreover, the word "illegitimate" is no longer stamped on birth certificates regardless of the circumstances.

If you want a list of the homes for unwed mothers in your vicinity send me a self-addressed, stamped envelope. I'd be glad to help you. That's what I'm here for.

Dear Ann Landers: Congratulations on your down-to-earth sensible advice. Now, may I have some?

My husband is a good-looking, successful executive. We've been married for 20 years—or perhaps I should say, I have been married for 20 years. As you know a wife is always much more married than her husband.

Yesterday I received an anonymous phone call from a woman. She told me she had walked into my husband's office and caught him embracing his secretary. She said she later had a talk with the secretary and warned her to leave my husband alone. I didn't recognize the caller's voice and she refused to reveal her identity. All she would say is "I am a friend."

I'm ill over this and don't know what to do. Shall I tell him about the phone call? I have no reason to believe he is cheating on me but they always say the wife is the last to know. —UN. D. SIDED.

Dear Un: If you would allow an anonymous telephone call to make you ill, you have mighty little faith in your husband.

Tell him about the phone call calmly and dispassionately. Make it plain that your faith in him remains unshaken.

SWINGING PARTNERS

By M. J. L.
The Kelowna Wagon Wheelers Square Dance Club hosted their monthly Party Night in the Centennial Hall last Saturday. Ray Fredrickson of Sumnerland was the emcee with several guest callers. Also last Saturday the Peach City Promenade Square Dancers held their monthly Party Night in the high school cafeteria in Penticton. The Graves of Nelson called this dance.

Saturday, March 8th we again have three Party Nights in the Valley, so we hope all the dancers will come out for an evening of fun!

Starting in Vernon—the Ogoogo Square Dance Club will host their fun level party night in the Japanese Hall in Vernon. Chuck Inglis of Peachland will have guest callers in the Kelowna Valley. The Kelowna Westside Squares will host their monthly party night in the Westbank Community Hall. Bob Emerson of Okanag will call this one and a buffet supper will be provided. Everyone welcome. Also on the 9th the Westside Squares will host their monthly party night in the Westbank Community Hall. Bob Emerson of Okanag will call this one and a buffet supper will be provided. Everyone welcome. Also on the 9th the Westside Squares will host their monthly party night in the Legion Hall. Bill French is the emcee and a buffet supper will be provided. Everyone welcome.

One more on the 9th and further south — The Carleton Traders and Border Squares will have a dance party in the Grange Hall in Oroville. Curt Black and Bud Corrier of Oroville emcees. Guest callers welcome. Breakfast, Sunday, March 10th and Luncheon in the afternoon with a Pot luck supper.

Saturday, March 10th again two party nights in the valley. The Oyanas Twirlers will host their party in the Winfield Community Hall. This dance will be fun level. Ray Fredrickson of Sumnerland is the emcee and guest callers are invited to bring their records. All square dancers welcome, please bring a sec lunch. Also on the 10th the Teen-Age Squares Dance Class in Penticton will host a square dance party in the K. P. Hall. Fred Froula of Oliver is the emcee and refreshments will be served. All square dancers welcome.

The Banff Weekend is March 25th to 31st. Look in this column on the 21st of February for full details or contact Gordon Smith at 1624-16th Ave. S.W. Calgary, Alberta.

The Kamloops Jamboree will be held May 17 to 19th. Book Card of Calgary is the guest caller.

Till next week—Happy Square Dancing!!!

Women's World Day Of Prayer Observed In Baptist Church

PEACHLAND—The Women's World Day of Prayer was observed this year in the Baptist Church, on Friday, March 1st, with three denominations represented.

Leaders were Mrs. T. McLaughlin and Mrs. W. Lightburn, for the Baptist Church; Mrs. George Smith, for the Anglican Church and Mrs. E. Chisholm for the United Church. Other members of their respective congregations also took part in the service.

SOCIAL ITEMS
Ray Harrington has returned from the coast where he attended the conference of the B.C. Baptist Association, in Nanaimo. He was accompanied by the Rev. A. L. Foster, of Armstrong, and Mrs. George Smith, who visited her son, Richard, who is studying in Vancouver.

Mr. and Mrs. Jim Wicks motored to the coast recently to see their daughter, Elizabeth, who is training for a nurse at Royal Columbia Hospital, New Westminster.

Mr. and Mrs. W. J. Nelson were recent visitors at the

Social Items From Winfield
Friends and neighbors of Alex Green will be pleased to hear he is home from the Kelowna General Hospital where he was a patient for a week.

Mr. and Mrs. Frank Holmuth have returned home after motoring to Hundred Mile House to spend the weekend with their son and daughter-in-law, Mr. and Mrs. Paul Holmuth, Janice and Jeffrey.

A speedy recovery is wished Mrs. Otto Holmuth by her friends and neighbors. She is at present a patient in the Kelowna General Hospital.

Mr. and Mrs. D. Einarsson motored to Vancouver for the weekend where they visited relatives. On their return they were accompanied by the latter's mother Mrs. M. Smell and R. Hall, Mrs. Einarsson's brother-in-law, who are now visiting at the Einarsson home.

Mr. and Mrs. A. Rivers have returned home from Vancouver where they spent the last three or four weeks.

home of Mr. and Mrs. A. Kopp from Burlington, Wash.</

SKIING STILL GOOD ON THE STAR

Skiers are still flocking to Vernon's Silver Star where skiing is described by professionals and amateurs as fell this week, and slope fans crowd the base of the mountain for the hike on the poma lift to the top. (Courier photo)

Armstrong Fair Plans Discussed at Meeting

ARMSTRONG (Correspondent) — The 62nd annual meeting of the interior provincial exhibition was held in the Legion Hall here this week and Mayor Jack Jamieson reminded members of the city's 50th anniversary would be celebrated this year.

Mayor Jamieson assured the meeting that city streets, which are presently being torn up to install a sewage system, will be repaired by fair time in 1963. He said the sewage system will greatly improve the fair grounds.

Mat. B. Hassen, secretary manager of the IPE told the meeting he would continue in this capacity which met with unanimous approval. Mr. Hassen had earlier indicated he wished to resign. He pointed out that a permanent staff is needed, with growing costs of the fair.

On discussion of the B.C. Fair Association, Mr. Hassen said of the many problems that

must be met by this troupe—timing fair so dates do not conflict—scheduling of circuit shows must be firm. The association is trying to establish judges' fees and has accepted a standard definition of yearlings in exhibition classes.

OWN DISCRETION

In livestock championship classes the judges will use their own discretion and throw out entries that are not up-to-standard; also two or more in competition will be required before a championship will be awarded in future.

The financial statement presented at the meeting showed a balance in the black despite a decrease in grant of \$5,000 and a decrease in gate receipts last year due to poor weather.

Auditor Reg. M. Ecclestone told the meeting the operating fund continues to maintain itself; the reserve fund has been used for capital expenditure, and \$5,000 has been spent most-

ly on permanent improvements. Reports given indicated quite an increase in classes in the light horse division, especially in the breed classes where new interest has been shown.

Director Robert W. Hornby said that some fencing had been done around the groups and hope more would be done this year; minor improvements had also been made to the grounds, barns and racetrack.

Officers elected for 1963 were: president, Frank Evans; first vice-president, J. Gordon Lyster; second vice-president, John Fowler; third vice-president, H. Rottacker of Vernon.

In addition to directors serving last year the following were named: Pat Reid of Salmon Arm; A. W. Hyndham of Penikese; Bernard Pow of Vernon; F. R. Ganeveld of Summerland; and Marvin Kirtan of Armstrong.

In discussion that followed members said that since this was an agricultural fair a steer or calf should be raffled instead of the traditional car. The suggestion was also made that a prize list in the swine section be revamped.

Reg. Ecclestone recommended that the Federal member for the riding be made honorary president of the association and this met the approval of members. It was hoped that the 1963 fall fair will be officially opened by Lt. Gov. George Pearkes.

Jim Billingsley's

VERNON VIEWPOINTS

What a difference between Canadian and American election campaigns!

If this riding—Okanagan-Revelstoke—was in the United States, by this time it would be jumping with politicians making the rounds, speaking virtually at every street corner, meeting the people.

It's amazing really why candidates and the organizers don't start to move earlier. Checks for candidate itineraries Wednesday at all four party headquarters in Vernon proved startling to say the least.

Only the NDP knew where their candidate would be this week or what meeting she was attending next. Other party headquarters contacted said they didn't know . . . would try to find out . . . we haven't got a list yet . . . or we're holding a meeting of the executive tonight and will decide then.

Agents and campaign managers should at least inform their receptionists what's going on. Why have a telephone if no one knows how to answer it?

One thing . . . banners are starting to spout across Barnard. Liberals were first, and Conservatives hoisted theirs Tuesday.

Few motorists who thought they were safe from the blue ticket of the traffic department by parking north and south of the station were in for a surprise. No blue ticket as it's still railway property . . . but a company constable has been throwing towing trucks a record business lately. Wait until April 1 when the city takes over the lots on a lease basis . . . then it's controlled parking and blue tickets will be in vogue for everyone.

Mediator Feels Optimistic On New York Press Strike

NEW YORK (AP) — Mayor Robert F. Wagner said today "we are moving toward the point when I hope there can be a fair settlement" in the contract dispute between striking printers and publishers of the eight New York City newspapers that have not printed in 89 days.

Wagner, mediator in the dispute since Jan. 26, made the statement after another round of day-and-night talks ended at 1:45 a.m.

No real progress was reported in settlement talks here or in Cleveland, Ohio, where two newspapers have been shut down for 97 days by strikes.

The two sides met separately in the New York dispute. Wagner said that he expected joint sessions this afternoon.

Local 6 of the International Typographical Union (AFL-CIO) struck The Times, News, Journal-American and The World-Telegram and Sun Dec. 8. The five other major New York newspapers closed down voluntarily at the same time.

Of the five, The Post, resumed its publication Monday, its publisher, Mrs. Dorothy Schiff, saying the blackout had "gone on

To generate energy equal to one kilowatt-hour of electricity a man would have to lift 100 pounds more than 6,500 times.

long enough."

The other four non-strike papers are The Herald Tribune, Mirror, Long Island Star-Journal and Long Island Press. The Press continues to print editions for distribution outside the city.

The printers have demanded an \$18 weekly wage increase over two years, plus fringe benefits. The publishers have offered a \$10-a-week package in a two-year contract. Pre-strike basic wages of printers averaged \$145 a week. In addition to wages, automation and other issues are in dispute.

In Cleveland, where The Plain Dealer and The Press and News have been off the streets more than three months, there were no progress reports in negotiations Tuesday with the printers and mailers unions.

They and a third AFL-CIO affiliate, the machinists union, are on strike. Two other striking unions have come to terms on new contracts, along with two that didn't strike.

To generate energy equal to one kilowatt-hour of electricity a man would have to lift 100 pounds more than 6,500 times.

CREDIT BUREAUS HEADS MEET

VERNON (Staff) — A meeting of the managers of the Okanagan Mainline credit bureaus was held in Vernon this week.

Those present were Ed Baker, Williams Lake; Joe Winkelaar, Penticton; Don Fisher, Kamloops; Tony Reynes, Kelowna; and Mrs. Ed Charter, Vernon, who is also vice president of the Associated Credit Bureaus of B.C.

Among the many subjects discussed were participation in credit consumer week, which is recognized by credit grantors all over Canada and the United States and will be observed April 28 to May 4; annual Associated Credit Bureaus of British Columbia conference in Kamloops Sept. 19-22; planned for the new Stockmen's Motel, now under construction. Don Fisher is conference chairman and Mrs. Charter program chairman.

VISITOR FOR BETHELS

VERNON (Staff) — Mrs. D. Irving, grand guardian of Job's Daughters will officially visit the local Bethel of Job's Daughters.

Miss Lynda deJong honored queen, officers and members and guardian council are busy preparing for the event. All Job's Daughters, parents, members of masonic and eastern star organizations are cordially invited. Mrs. Irving has been visiting all Bethels in the province and at the end of her term this spring will live in Vernon.

Health Unit Training Set

VERNON (Staff) — Realizing the importance of well informed, professionally up-to-date personnel, the North Okanagan Health Unit is planning for in-service training of the staff, says Dr. Duncan Black, health officer based in Vernon.

Dr. Black said to date the director attended a week's post graduate course in Vancouver and two members of the public health nursing staff attended the Canadian Nurses' Association biennial meeting. In addition, last year, public health nurses attended a week-long course in Vancouver on supervision.

In a recent report issued by Dr. Black, he said he had attended with other medical health officers in B.C., a conference in Victoria with departmental heads to discuss provincial policy; aspects of general public health and to assist drafting suggested legislation and regulations which would assist in the better practice of public health.

Dr. Black also reported that one of the highlights of the North Okanagan Health Unit during 1962 was the implementation of the Sabin oral polio-vaccine program. During a two-week period in May and June, 28,693 persons or 71.2 per cent of the population of the North Okanagan accepted the free vaccine.

A breakdown of the number in each district was: Vernon 12,741; Armstrong 2,785; Enderby-Sicamous 3,005; Salmon Arm 5,929 and Revelstoke 4,233.

Okanagan Group Tours Rogers Pass Slide Area

VERNON (Staff) — Six representatives of the Okanagan group headed by chairman Elwood Rice of Vernon, of the Okanagan Valley Tourist Association were shown through the Mount Fidelity research station and the administration camp in the Rogers Pass area of the Trans-Canada highway this week.

Others to take the tour were Vernon Ald. Michael Leminski, Bruce Howard, Penticton Chamber of Commerce secretary-manager, Jim Hendry of Penticton, Joe Keenan of Kelowna and Tony Dickson, editor of the Penticton Herald.

R. R. Styles superintendent, Revelstoke and Glacier National Parks was the host.

Included in an all-day education trip was a demonstration of shooting down avalanches by the Royal Canadian Horse Artillery of Winnipeg under Capt. D. Doyen. The 15 mm gun with a range of 9,000 yards was used effectively on snow conditions about 4,000 yards away. A larger 105 mm with a range of 11,000 yards was shown the visitors and described in detail.

SNOWCAT CLIMB

The party left Revelstoke in two cars at 9 a.m. The climb from the highway of more than 3,000 feet was made by snowcat to the 6,400 foot level where the

research station is situated. This climb of about four miles took less than 40 minutes. Lunch was served the guests at the maintenance camp.

According to Mr. Rice the party from the Okanagan was of the opinion that the Rogers Pass is one of the safest of winter highways. The experienced staff backed by equipment supplied by the national research council are doing an excellent job of maintaining safe traffic flow over this spectacular section of the Trans-Canada Highway. Mr. Rice said.

POLICE COURT

VERNON (Staff) — Richard Stevenson of Coldstream was fined \$25 and costs today in magistrate's court for driving a motor vehicle with 1962 license plates. He pleaded guilty to the charge.

Harold Bartholomew was fined \$15 and costs for driving an automobile through a regulated highway stop sign.

Police in Vernon have found a plastic wardrobe containing coats, dresses and other clothing on Highway 97A about seven miles north of Vernon.

RCMP here say the owner may claim the wardrobe and clothing by identifying the merchandise at Vernon police detachment.

Theatre Arts Centre Fund Moves On Towards Objective

VERNON (Staff) — Vernon and will be a complete professional Theatre Arts Centre Society is moving steadily ahead to reach its \$25,000 objective and the ultimate opening of a small theatre here.

To date about \$4,000 has been collected and fund raising teams are currently soliciting the city. The centre will be situated in the old B.C. Hydro building, 35th avenue. A 15-year lease has been obtained.

When completed the theatrical arts centre will give Vernon one of the best small theatres in Canada, according to Drew Allen, chairman of the fund-raising committee. Every effort will be taken to ensure that it's facilities are the best for what the city can afford, he says.

200 SEATS

There will be about 200 seats.

WANTED

Administrative, Instructional and Service Staff for The British Columbia Vocational School — KELOWNA

This is a new British Columbia Vocational School scheduled to open September 30th, 1963 under the Joint Sponsorship of the Federal - Provincial Governments.

PRINCIPAL

Applicants for this position must hold a Degree from a recognized University, or equivalent standing, preferably an Engineering. They should have at least five years experience in industry together with five years of successful teaching experience. It is also very desirable that they have experience in working with technical and professional bodies and School administration both day and night.

Salary to be determined by qualifications and experience with an effective starting date of July 1st, 1963.

II VOCATIONAL INSTRUCTORS

1—Auto Body Repair.
1—Auto Mechanic.
2—Commercial.
1—Shortland-Typing-Business English-Arithmetic.
1—Bookkeeping - Business Machines-Arithmetic.
1—Farm Machinery.
1—Heavy Duty Mechanic.
2—Practical Nursing.
2—Welding.

Applicants for Vocational Instruction positions must have occupational competency, be up to date in their respective occupations, have supervisory experience and have the respect of their fellow workers. A minimum formal education of Grade XII is preferred. They should have a pleasing personality, be good characters and be able to work amicably with their students and the School Administration.

Salary to be determined by qualifications and experience with an effective starting date of July 1st, 1963.

III CLERK (MALE)

Applicants for this position must have several years of good general office experience in modern procedures and bookkeeping and should also be competent typist.

Starting salary is \$315 per month with an effective starting date September 1st, 1963.

IV TOOL ROOM ATTENDANT

Applicants for this position must be familiar with the tools and equipment used in the mechanical trades. Ability to maintain and make minor repairs to tools is desirable. Preference will be given to suitable applicants who hold an Industrial First Aid Certificate.

Starting salary is \$232 per month with an effective starting date September 1st, 1963.

V TRUCK DRIVER AND GENERAL DUTY WORKMAN

Applicants for this position must hold a Chauffeur's "A" licence and be capable of carrying out general duties as required by the School Principal.

Salary is \$337 per month with an effective starting date of September 1st, 1963.

All appointments will be classified as Casual Employees of the Department of Education of the Province of British Columbia. Whilst these are not Civil Service Appointments regulations governing Civil Servants will, in general, apply. Write to the Director of Technical and Vocational Education, Department of Education, Victoria, B.C. for application forms returnable on or before March 29th, 1963.

YKTH.—GOWTH

Yesterday's Cryptoquote: THERE ARE NO EYES SO SHARP AS THE EYES OF HATRED. — HILLARD

YOUR HOROSCOPE

FOR TOMORROW

PATIENCE and optimism will be needed now. Some delays may be encountered, but changes of plan indicated, but take these things in stride. Follow a realistic program and avoid extravagance.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that time and effort spent now in planning for the future—especially where financial interests are concerned—will pay off handsomely by year's end. Long-pending business matters should reach gratifying conclusion by September, and there is also the possibility that during that month you will achieve a goal that, with it, will bring a great increase in prestige.

May and June will be excellent for romance, but do not expect too much harmony in domestic or social circles during late August and November. In fact, it will be quite necessary for you to be at your understanding best during those periods, if you would avoid conflicts.

No matter the state of your bankbook, do avoid extravagance in late April; also in November.

Look for opportunities to travel in July and/or August and for an excellent business opportunity in late December. The latter should get you off to a fine start in 1961.

A child born on this day will be endowed with a keen perception of human nature and will be extremely sentimental.

The bidding:
East 1♠ South 1♥ West 2♠ North 3♠

Opening lead — four of diamonds

The subtleties of defense available to a pair in time with one another sometimes convert impending defeat into victory. The messages openly exchanged between a good defensive pair need only to be correctly understood for the best result to be achieved.

For example, look at the hand played in a team match. At the first table, nothing much happened. South got to four spades on the bidding shown and West led a diamond. East took the king and continued with the ace. Declarer ruffed, led a trump, and eventually lost a club to make exactly four spades.

At the second table, the same contract was reached on similar bidding, but here the defense functioned more correctly and South went down one.

West led the four of diamonds, just as at the first table, and East won with the king. But the East at this table did not continue the suit. He realized from the bidding and the opening lead that South had almost surely started with a singleton diamond.

There being no future to another diamond lead, he shifted to the ace of clubs at trick two. He hoped to find West with the king of clubs in which case he planned to lead another club and obtain a ruff to defeat the contract.

West didn't have the king and

might have played the ace of the ace to deny it, but he did have the ace of spades which his partner knew nothing about. Since he realized that East was trying to get a club ruff, he played the ace on the ace, asking for another club lead.

East happily obliged, and though he was temporarily disappointed when declarer showed up with the king, this did not prevent him from getting his club ruff a short time later when declarer led a trump. West took the ace and returned a club and South went down one as a result of the fine defense.

'Bloody Virus' May Be Active

NEW YORK (AP)—Is there a new virus around?

It seems so to thousands of persons afflicted this winter by unusual aches and pains and upsets, including bloody noses blamed on "the bloody virus."

Perhaps it's true that brand-new viruses have popped up, and they might even start appearing at a faster rate, says Dr. Robert Huebner of the National Institute of Allergy and Infectious Diseases, Bethesda, Md.

Scientists only recently identified most of 130 or more viruses known to cause colds.

CHANGE FREQUENTLY
Influenza viruses change or mutate fairly frequently. Any influenza vaccine has to incorporate the strain of virus currently on the rampage.

Other respiratory and intestinal viruses also might be mutating during chain-reaction epidemics.

But there's no way yet to prove this, Dr. Huebner says. "Peculiar" illness this year could well be due to some old virus that hadn't been active in recent years in your locality.

Teddies Host Canadian Finals

Kelowna will be the site for the 1963 Canadian Senior "A" Women's Basketball championship slated to start March 13 to the 16.

Saskatchewan, Alberta, Ontario, and British Columbia have submitted entries to the tournament. Manitoba is a strong possibility to enter.

Representing Saskatchewan is the Saskatoon Aces who are favored to take the championship, they won the Canadian crown in 1961 and were Canadian finalists in the 1961-62 season losing out to the Richmond French Maidens who are

Canada's representatives in the Pan-Am game in April.

First vice-president of the Canadian Amateur Basketball Association Eleanor Whyte has set up tentative proposals for a double knockout draw system to determine a winner.

The Okanagan Teddy Bears will represent B.C. at the tournament. The Teddies, marked with injuries have been assisted by Heather Inglis and Carol Castillo of the Vancouver UBC Thunderettes, to take the place of Teddy players Lois Fedorak and Doris Fowles.

Puck Tourney Starts Three Games Scheduled

STOCKHOLM (CP)—An open date in hand, the reinforced Trail Smoke Eaters have a chance to watch the Russians, Czechs and Swedes in action today as the 1963 world hockey tournament gets under way in Stockholm suburbs with three championship games scheduled.

Hockey fever has hit the Swedish capital and the local Canadians are the main topic of conversation. Most of the natives seem more eager to see the Canadians beaten than in seeing Sweden retain the world crown.

Many Swedes look on the Canadians as a brutal, blood-thirsty bunch without any of the gentlemanly traits they expect in their hockey.

The Smoke Eaters, bolstered by a pair of new players from Canada, aren't bothered by the criticism. Coach Bob Kromm, who coached the Smoke Eaters to the world title in 1961, says: "We used to get pretty upset by all this criticism but it doesn't bother us any more. We realize the source of these complaints and we don't take them too serious."

MUST BEAT THESE

Russia, Czechoslovakia and Sweden are the countries the Smoke Eaters must defeat to stand any chance for the championship. All three have comparatively easy games today while the Americans join the Canadians in a day off.

Kubec Plays Full Time For Yankees This Season

By THE ASSOCIATED PRESS

Tony Kubec, 26, served notice Wednesday he is ready for full-time duty as shortstop for New York Yankees.

He lashed two home runs in a Yankee intrasquad game at Fort Lauderdale, Fla., prompting manager Ralph Houk to remark:

"Having Tony right from the start will steady the infield and enable us to make more double plays. His bat, of course, gives us increased punch."

Kubec, in the army most of last season, returned to the lineup in August and reclaimed his shortstop job from rookie Tom Tresh. He hit .314 in 45 games.

Tresh moved to left field, hit 20 home runs and had a .286 average.

And Tresh combined with Roger Maris and Mickey Mantle to give the Yankees probably the top outfield in the league. With Kubec playing between Bobby Richardson and Clete Boyer, Houk has one of the best defensive infielders.

Frank Thomas, probably the New York Mets' best returning outfielder, ended a 10-day hold-out Wednesday when he signed

WINNER AND STILL CHAMPION

Defending champion Spoukje Dijkstra of the Netherlands waves to spectators after receiving ribbon and medal for successfully defending her world figure skating championship at Cortina d'Ampezzo, Italy. She won an overwhelming victory over 23 competitors in the women's event. The 21-year-old Dutch girl learned most of her skating on indoor English rinks.

Leafs Shutout Bruins; Hawks Hold Slim Lead

By THE CANADIAN PRESS.

All the stuffing has gone out of that comfortable cushion the Chicago Black Hawks once sat on atop the National Hockey League standings.

Eleven days ago Rudy Pilous' club led the field by eight points and looked like a shoe-in to wind up the schedule first, something a Chicago club has never done.

Now, the Hawks have faded under a surge by Toronto Maple Leafs and Wednesday night's play cut the edge of two points.

While the Leafs were trouncing Boston Bruins 4-0 before a hometown crowd of 13,876, the Hawks blew a two-goal lead and bowed 5-2 to the Rangers before 11,327 in New York.

Chicago has picked up only one point for a tie in the last four games.

Two of the setbacks were delivered by the Rangers, a club that was unable to beat Chicago in their previous 12 meetings.

PASSED MONTREAL

The Maple Leafs, have won four straight and overhauled Montreal Canadiens to charge into the runner-up spot with 73 points.

The remaining schedule gives

JOHNNY BOWER ... first shutout

Leafs eight games to play against seven in Chicago. The Canadiens, four points back of Toronto, have nine games left.

In Toronto Wednesday night, goalie Johnny Bower, turned aside 23 shots and racked up his first shutout of the campaign. His mates meanwhile hurled 38 shots at Boston's Ed Johnston.

Red Kelly scored two goals for the Leafs—raising his season's production to 18—and the others to beat Johnston were Dick Duff and Frank Mahovlich, an uncertain starter before the game because of a bruised knee.

It was No. 34 for Mahovlich and he also drew an assist to stay within striking distance of scoring leader Gordie Howe of Detroit Red Wings.

Ed Shaeck, sidelined with strained knee ligaments since Feb. 23, returned to the Toronto lineup and picked up an assist on Kelly's second goal.

COUNT TWO EACH

At New York, Don McKenney and Camille Henry led the Ranger revival with two goals each after Chicago took the lead by Bob Hull and defenceman Al MacNeil.

Vic Hadfield was New York's other scorer.

Alberta dumped Ontario 9-5. Newfoundland swept to a 12-11 extra-end win over Manitoba.

ALBERTA DUMPS ONTARIO

In other fifth-round games, Alberta dumped Ontario 9-5. Newfoundland swept to a 12-11 extra-end win over Manitoba.

REMEMBER WHEN ...

Barbara Ann Scott returned to Ottawa 16 years ago today after winning the world women's figure skating championship at Stockholm. In the Commons a number of speakers paid tribute to her accomplishments and the House passed a resolution saying she had "brought distinction to herself and honor to her country."

Rockets Dump Bucks 6-2 To Take OMJHL Crown

KAMLOOPS (CP)—Kamloops Rockets, playing before 2,700 fans, defeated Kelowna Buckaroos 6-2 Wednesday night to win the Okanagan Mainline Junior Hockey Championship four games to two.

The victory advances Rockets to the B.C. semi-finals against the winner of the playdown between New Westminster and Nanaimo.

Eddie Begg and Glen Richards each scored twice for the winners, Larry Roberge and Dale Sandye getting one apiece. John Strong and Gordon Odegard scored for Kelowna.

A total of 18 minor penalties were called, 10 of them against Kelowna who outshot the Rockets 49-32. The Rockets led 3-0 at the end of the first and 5-0 after two periods.

Begg, a 16-year-old defenceman-turned-forward, opened the

scoring with the first of his two goals at 7:37 of the first period when he pumped home a rebound past Buckaroo goalie Sid Shusell.

Linemate Sandye flipped a pass from Begg into an open corner for Rockets' second marker at 13:20 of the same frame.

Rookie centre Roberge tipped in defenceman Ken Rinaldi's drive to make it 3-0 after 8 1/2 minutes of the second period.

Richards pumped home Kamloops' fourth unanswered goal while Rockets were a man short as Rinaldi sat out a two-minute elbowing penalty.

Begg made it 5-0 by flipping in another rebound, this time driven by Sandye.

Kelowna hit the scoreboard with their first goal at 7:40 of the third period when Strong capitalized on the handy stick-handling of Fred Thomas, and potted his pass by goalie Jim Leicher.

Rough play characterized the third period as referee Blair Peters handed out nine penalties. Buckaroos were two men short as Kamloops scored their sixth marker, when Richards picked up his second of the night.

The second Kelowna goal was scored by Gordon Odegard unassisted.

PAGE 10 KAMLOONA DAILY COURIER, THURS., MAR. 7, 1963

Glen Harper Rink Threat Upsets Ernje Richardson

BRANDON, Man. (CP)—With only three wins in five starts, British Columbia's Glen Harper can hardly be classed a serious threat in the Canadian curling championships.

But his rink upset the two unbeaten co-favorites Wednesday. Harper, from Duncan, B.C., thumped Saskatchewan's Ernje Richardson 8-3 and Jim Shields of Alberta 14-6.

However, Richardson and Shields share the lead in the 11-round round-robin competition going into today's seventh, eighth and ninth rounds. Northern Ontario's Doug Gathercole was to meet Richardson this morning with a 4-1 third-place record.

If Saskatchewan and Alberta win today's games, the title should be decided when they meet in the 10th round Friday.

Nova Scotia's Ian Baird has a 4-2 record followed by British Columbia and Prince Edward Island's Doug Cameron, 3-2; Ontario's Bob Mann, 3-3; New Brunswick's Don Mix, 2-4; Newfoundland's John Pike, 1-4, and Quebec's Bill Kent and Hersh Lerner of Manitoba with 0-5 records.

In other sixth-round games Saskatchewan downed Quebec 9-5. New Brunswick rolled to a 14-5 win over Manitoba, Prince Edward Island ripped Ontario 10-9 and Northern Ontario scored a 7-6 win over Nova Scotia.

Ball Registration Now Underway

Registration forms are now available for any boy between the ages of 16 to 18 interested in playing Connie Mack baseball this season at Day's Sports Centre and Treadgold's Sporting Goods.

PLAN SPORT GROWTH

Bulgaria has a sports facilities program aimed at providing 200 to 250 swimming pools and 150 to 200 gymnasiums by 1966.

Curling Resumes Until Bonspiel

The windup of Tuesday-Thursday and Monday-Friday curling league will take place March 11 and 12 with trophies to be presented to the rinks with the most total points.

League play will continue for the balance of the season with hidden novel prizes being presented each night.

Formerly there was no curling between end of competition and the Ogopego Mixed bonspiel held on the 21st to 23rd of March.

This year's curling will continue right through to the bonspiel.
